## Press Release

### Introducing Boom Boom Womb: Shropshire's Riot Grrrl Rockers Set to Explode in 2026

Shropshire, UK – Meet *Boom Boom Womb*, the riot grrrl punk band you didn't know you desperately needed in your life. Since their formation in April 2023, these four fiery musicians have been turning heads and melting faces with their unapologetically raw sound, electric energy, and loveable, chaotic charm.

Describing themselves as “four scrumptious babies with lots of energy,” Boom Boom Womb are here to shake up the music scene with a sound that fuses punk rock, riot grrrl vibes, and a sprinkling of grunge. Think Bikini Kill meets Veruca Salt, with a side of unapologetic sass and messy hair.

The band's lineup brings a unique blend of personality and power:

- **Liv** (*bass*) - Loves drawing on people, hates toe stubbing.
- **Remy** (*drums*) - Loves Care Bears, hates bras.
- **Alex** (*lead guitar*) - Loves stripping, hates gluten (or maybe gluten hates him?).
- **Gem** (*guitar & lead vocals*) - Loves pissing in bushes, hates wearing shoes.
